

Search Institute's Developmental Assets Profile (DAP), Now Exclusively Available in SurveyTrax

Bring Data to Life and Create Positive Outcomes for Youth

Statistics say a lot about the youth in your community, but what if you could layer those statistics with detailed information about a child's social, emotional and environmental well-being? With Search Institute's Developmental Assets Profile (the DAP), now exclusively available in SurveyTrax from nFocus Solutions®, you can.

The TraxSolutions SurveyTrax Module enables you to create, distribute, collect and analyze web-based surveys quickly and easily.

You can create custom surveys or customize over 30 pre-designed survey templates. Surveys are a great way to collect information to conduct outcome measurement, program evaluation, or elicit customer feedback.

Function	Description
Manage Surveys	Use this option to manage surveys you already created. You can modify, publish, recall, and customize surveys.
Create Surveys	Use this option to create surveys from scratch or by using a pre-defined survey template.
Manage Templates	Use this option to create and manage survey templates. You can utilize system templates or create and modify your own templates.
Reports and Analysis	Use this option to analyze survey results, view, and print survey reports.
Import/Export	Use this option to import and export data for surveys.
Admin	Use this option to manage the survey module (must be an administrator).

Summary

Total active surveys	14
Total surveys in development	14
Total survey responses	119
Average responses per survey	10.44

The DAP is the most widely used approach to positive youth development in the United States, measuring internal and external Developmental Assets that influence youth development, including feelings of support, empowerment, positive values, identity and social competencies. The DAP is now exclusively available in nFocus Solutions' SurveyTrax tool, which enables users to easily survey young people, analyze responses and compare results over time. This first-of-its-kind solution gives you a toolkit for making a positive difference in the youth you serve and proves your program's success.

Start seeing results today

- Quickly and cost-effectively administer, score and analyze DAP results
- Survey results include a step-by-step intervention guide
- Measure DAP results over time to show your impact

Survey Questions: Developmental Asset Profile (Ages 11-18)

The TraxSolutions Suite

Other TraxSolutions tools include:

- Case Management
- MoneyTrax®
- Outcome Measurement
- SurveyTrax®
- VolunteerTrax®
- KidTrax®
- Online Registration
- StaffTrax™
- TraxAdministrator®

Solution Capabilities

Simple, Flexible Distribution Methods

- Email, print or create a URL
- Survey in-house with an online survey kiosk
- Print copies and enter responses manually

Integrate Data with nFocus' TraxSolutions

- View and track survey responses in Case Management
- Track asset improvement and program impact with Outcome Measurement Toolkit
- Map DAP scores next to demographic, academic, crime and other data points to visualize gaps in service with Community Server

Make a Difference

- Get prescriptive measures from Search Institute to improve programs and services
- Make targeted improvements in specific asset groups
- Tailor programming and interventions to help children overcome DAP score deficiencies

Track Longitudinal Results

- Re-administer the DAP survey every three months
- Compare results and better understand program impact
- Breakdown survey responses by demographics
- Export results in multiple formats for flexible reporting

Increase Funding

- Generate detailed reports for funders
- Provide accurate insight into your program's impact over time
- Demonstrate how additional funding can lead to long-term increases in assets
